About Me

Talented and experienced Front-End Developer with extensive knowledge and skills in web development and design. Proficient in **HTML**, **CSS** (including **SASS**, **SCSS**, **Less**) and **JavaScript** (including **jQuery**). Experienced in **ReactJS**, **Redux Toolkit**, and **TypeScript**, enabling the creation of high-performance and scalable web applications.

Experienced in popular frameworks **Bootstrap 3** and **4**, as well as **Foundation for Emails 2** for email template development. Skilled in **Flexbox** and **Grid** for responsive layout design, ensuring optimal display across devices. Capable of creating quality animations using **GSAP 3.0**, and proficient in website builders like **Tilda**.

Basic proficiency in graphic design tools including **Photoshop**, **Illustrator**, and **Figma**. Well-versed in version control system **Git**, facilitating effective management of project codebases.

Driven by a commitment to continuous professional development and seeking to contribute skills and expertise to major projects.
